Category1

The name is how it appears on your site.

Slug

category1

The "slug" is the URL-friendly version of the name. It is usually all lowercase and contains only letters, numbers, and hyphens.

Parent

Store

Categories, unlike tags, can have a hierarchy. You might have a Jazz category, and under that have children categories for Bebop and Big Band. Totally optional.

Description

Edit category screen

The description is not prominent by default; however, some themes may show it.
